Nowadays almost all kinds of sports are very popular all over the world. However, it is quite interesting to find out which one is considered to be the most interesting.

It is vivid that football or as Americans call it "soccer" is the most popular type of the sport in the world. It is widely played and watched. The Global Championship called the World Cup is usually played every four years. A lot of the people watch it when it is broadcasted on the television. This sport is famous in the countries all over the world.

The next popular sport is cricket. In order to play that sport you need a bat and a ball. It was first time played in England. This type is played and watched by about 3 billion people. Among the countries that like it the most are England, New Zealand and Australia.

Field hockey is also among the most popular games. It is mostly played in the Asian and European countries. In the United States this sport was often played by girls.

The next game that won our love is tennis. All over the world there are about billion people who enjoy either playing or watching it. It is considered that tennis is mostly popular in the rich countries. In the world there are four main tournaments so called "Grand Slams" that unite the participants from all over the world. They usually attract the most fans of the sport.

Volleyball is also very important among the countries. It is considered that volleyball comes from the United States. Since no special equipment is required usually this sport is popular among the students.

Ping Pong or table tennis became also popular during the last years. It attracts about 850 million of players or viewers. This type of the sport was originated in England many years ago. There are often the competitions of it which are usually held in China, Korea and other Asian countries.

After this sports goes a set of the types that are very popular in the USA. They are golf, baseball, American football and basketball. Basketball is especially popular among the Americans of different age groups. It is not weird, because basketball does not need any extra outfit. It can be played either indoors or outdoors. A lot of kids nowadays train a lot to become successful at that type of the sport. Besides, American basketball teams are the most professional in the world. They often demonstrate a good performance and excellent play.

There are a lot of sports schools all over the world that offer different types of sports. Everybody can choose that kind that attracts him the most. He also has to train a lot in order to reach a success.
