Hughes to play waiting game

Richard Hughes will adopt his customary waiting tactics on Dick Turpin in Tuesday's Juddmonte International Stakes at York.

Richard Hannon's consistent three-year-old was supplemented for the prestigious 10-furlong Group One contest on Wednesday, with owner John Manley forced to fork out £50,000 for the pleasure of seeing him attempt the trip for the first time.

However, after victory over a mile in the Prix Jean Prat at Chantilly, connections have high hopes of stretching his stamina.

"They asked me for my opinion. It's a very brave decision by John and it's a credit to him, it's really made it a proper Group One," said Hughes.

"We were thinking of running him over 10 furlongs in a Group Two in France on Sunday with a 7lb penalty but my reasoning was if you are not going to stay 10 furlongs, you may as well do it against the big boys.

"John was very happy to supplement. He asked me if he'd stay and I said I think he will, but I couldn't put my hand on my heart and say he'll definitely stay and also 'it's not my money, it's yours'.

"John was quite happy to make the decision on his own behalf with the advice that we've given him. I'll ride him to get the trip and if he has a turn of foot over a mile-and-two, he's going to be a serious horse."

Godolphin have two chances with Cutlass Bay and Cavalryman, with the latter also having the option of the Prix Gontaut-Biron at Deauville on Saturday.

"It is possible that Cavalryman could run in the Juddmonte International Stakes. He is in good form," said Godolphin racing manager Simon Crisford.

"He pulled a muscle at Royal Ascot and didn't run any type of race there, but prior to that at Epsom he ran well. Hopefully he will come back and have a good second half of the season."
