# **If You Want To Start Snowboarding Practice You Must Know This Info**

You probably know that most people who are fond of snowboarding love when it's cold outside and especially when it snows. All of them love fresh air and wonderful picturesque environment that's around them. If you dream to start practice snowboarding, so you need be ready for cold weather and to much adrenaline that this extreme kind of sport brings to you.

People of different ages devote their lives to snowboarding, mostly these people have good financial situation, because snowboarding requires big investments and also you should have more free time to enjoy your favourite kind of sport. If you don't have money and time, so it's better to watch snowboarding on television and probably read books about it...But if you are successful enough and ready to start your trainings, so you remember that snowboarding is extreme kind of sport and it's very harmful. Be ready to get injuries and only you are responsible for your life and your safety. At first you should have necessary protective gear to start riding. It's rather expensive, but it worth this money. Only stupid people can save money on their safety. Also your success depends on equipment you are going to buy. So, if you already have a professional instructor, ask him to go with you to the store and choose the right gear and board according to your stile in snowboarding. Usually beginners take shorter board, because it's easier to control it and when you become more skilled you will change it for longer one. But also the board should reach only your chin, if it's till your nose or even eyes, so it's too long board for you. Don't forget about such element of snowboarding gear as goggles. They will protect your precious eyes from snow and bright light in sunny days.

Before your go to the lessons with your instructor, it's very useful to find out more about snowboarding through Internet. You will be able to find basic knowledges about this kind of sport and it will put you steps ahead among other beginners. When you are skilled enough to start your trainings on the real slope, you should try to ride first at indoor ski slope. When you feel comfortable there, it's the best time to start your riding on real slopes.

Sometimes we can see that professional skiers want to try snowboarding. These kinds of sport rather similar, but still have a lot of differences. Usually skiers don't continue to practice snowboarding after first or second lesson. And it's very good when they don't buy necessary gear, but just rent it.

When you are looking for snowboarding instructor, don't be in a hurry. Maybe somebody will give you a piece of advice about some qualified instructor, because it's really necessary to find professional instructor who has abilities to teach you and not just tells you about history of snowboarding. Such knowledges you can get yourself, you need really good teacher in practice.
