# Learn To Enjoy Keno

The game of keno is one of the easiest gambling games to play. When you learn how to play Keno, you'll be able to find a Keno game in about any Vegas casino hall or web casino. Comparable to Lotto, Keno started in China and was taken to the states by Chinese immigrants from the mid-1800s. One of the best reasons to learn to play the Keno will be the potential payout: in most online casinos, a \$1 bet will probably pay out up to \$50,000 in winnings. The principles for how to play Keno are just as easy as playing your state's lottery. If you prefer to play at home, then [pc casino games](#) are for you.

Want to understand how to play Keno? There aren't any cards involved in this simple gambling game. Keno play is made of selecting a at least four along with a maximum of 10 numbers, called spots, between 1 and eighty. Your game is called according to the quantity of spots you select; for example, when you pick eight numbers, you're actively playing 8-spot Keno. Winning numbers for every Keno game are randomly selected, along with winners are determined by what percentage of your numbers equal the winning numbers. In some cases, like in 10-spot Keno, payouts are given if you don't match any of the numbers. Once you learn how to play the lottery, you understand how to play Keno. An [internet games casino](#) can give you all sorts of into on online games, if you prefer to stay in.

Mostly, there are two options for how to play Keno. In many Vegas casinos you will find Keno lounges specially chosen for playing the game. Screens known as Keno boards are located within the lounge and also display the outcomes of each and every Keno draw. Most casinos have Keno draws every ten or twenty minutes. For players who would like to be involved in Keno away from the lounge, Vegas casinos have Keno screens throughout the hall to display the final results, and workers called Keno runner circulating throughout the crowds, who can collect your ticket and deliver your winnings. Learning how to play Keno means you'll usually have something taking place when you're in the casino.

Another method for a way to play Keno is video Keno. It is a version intended for web casino play. Online Keno is similar to live Keno, except there's no need to wait 10 mins between games. Just like a slot machine game, you are able to play video Keno as often in a row as you desire. The payouts for video Keno can be as high as \$100,000 on a \$1 wager. Video Keno is available at just about every web casino. So, now you know how you can play Keno. We will see you at the boards.
